

Green Commission

May 12, 2009

What a great event we had on Saturday! On behalf of CEO Burrell Ellis and the members of the **DeKalb County Green Commission**, let me thank you for your generous support as an exhibitor for Saturday's inauguration of the **Green Commission**. In addition to over 20 exhibitors like you who displayed their "green" practices and products, we offered lots of food, fun activities and an opportunity to visit our newest County facility built to LEED certification specifications, the Porter Sanford Performing Arts Center.

Your participation was key to making this a successful event. You helped us bring the message of the importance of increasing public awareness of the impact our individual practices and choices make on the environment, as well as the many options we have to create an active and sustainable community.

DeKalb is going green – thank you for joining our efforts.

Sincerely,

Kathie Gannon
